	Daily Rate
64-95 College Semester Hours	\$85

A certified employee who is assigned by the principal to cover another teacher's class during his/her entire planning period due to staff absences may be compensated \$25 per hour if an additional hour is worked outside of the normal work day. Time needs to be documented on timesheet and principal will need to approve additional hours worked. The additional hour(s) worked needs to be worked within current pay period or within next immediate pay period (if time to complete additional hour is not feasible in current pay period).

Only when all certified substitute options (including those noted above) have been exhausted, a current classified employee may serve as a non-certified substitute teacher. The classified employee serving as a substitute teacher will receive their current hourly rate plus \$2.00 for every hour working as a non-certified sub. Time needs to be documented on timesheet and principal will need to approve additional hours worked.
